Langdon Public Library.

To the Citizens of Newington:

The Library Trustees herewith submit the thirty-ninth annual report, with financial statement and Librarian's report for the year ending December 31, 1930.

The work during the past year has been carried on along the same lines as heretofore under the capable and faithful management of the Librarian.

We trust that during the ensuing year more of our towns people will avail themselves of the privileges and opportunities the Library affords. And that it may continue to be a real and permanent benefit to the community.

We acknowledge with kind appreciation all gifts including books and magazines received during the year, and all helpful suggestions.

Report of Superintendent of Schools.

To the School Board of Newington:

I have the honor to present herewith my first report as Superintendent of your schools.

That town which keeps its teachers for several years is assured of progress for its school administration and for its pupils. The period of readjustment on the part of the pupils and teachers, caused by change of personnel, is eliminated. Newington has retained both its teachers for another year.

Regular attendance must be maintained if the work of the school is to be kept up to standard. It is a source of satisfaction to note that the percent of attendance has increased from 89 of last year to 92. This is a fair percentage but can be improved further with cooperation between parents, teachers and pupils. During the current year however, attendance in the Primary room has been disappointing.

It seems futile to spend money for school buildings, teachers and equipment and allow the results to be diminished by health conditions which can easily be remedied. An examination of the school registers will show many absences caused by illness. The greatest need of the Newington schools at present is a trained nurse. Such a nurse would visit the schools at regular intervals, give regular examinations to pupils and advice as to methods of treatment. She is always on call in case of emergency. A greater value of the nurses work is the so called "follow up" work. The nurse is not content with an examination and advice but is always willing, in fact accepts it as part of her duty, to help with the treatment itself. From her acquaintance with the various health agencies she is enabled to secure the services of different agencies in assisting financially or professionally. It is her duty to see that all pupils return to school physically fit and mentally alert. When it is realized that a large majority of failures in school is caused by the physical condition of the pupils and

that each failure cost the town nearly one hundred dollars in actual money, it is evident that the additional cost of a nurse would be more than balanced by a decrease in repeating pupils.

Your schools have been tested by the most reliable standardized tests obtainable. Such testing guarantees the standing of your schools.

During the month of February and March of the current year an intensive drive to improve the spelling and penmanship work of the schools is taking place. We believe very noticeable results are being achieved.

I wish to express my appreciation for the kindly advice and help received from your school board during the first year of my association with you.

Respectfully submitted,

ROY W. GILLMORE,
Superintendent.

School Report.

To the Citizens of the School District of Newington:

We herewith submit the annual report of the School Board.

We have with us this year as teachers, Miss Madeline H. Hardy from Haverhill, N. H., for the four higher grades, Miss Margaret Pickering of Newington, N. H., for the lower four grades and Mrs. Mary E. Poore of Portsmouth, N. H., as Supervisor of Music.

Miss Hardy has been with us three years, Miss Pickering and Mrs. Poore five years each. We find them very interested and efficient in their work and well liked by all.

Our superintendent, Mr. Chas. N. Perkins, on account of his failing health was obliged to resign, we were all very sorry to see him go, and very thankful to him for the efficient way he had carried on his work in our School.

Mr. Roy W. Gillmore from the Charlestown Union was chosen from a large number of candidates as our new superintendent.

He comes to us with a wide experience, and we feel that under his supervision our School will be more efficient and nearer the standard than ever before.

We congratulate him in this his new field of endeavor.

This year it was thought advisable under existing conditions to have a School Nurse examine the scholars instead of a doctor, and follow up the cases that needed attention. And so the School Board through our Superintendent hired a school nurse for part time. We understand that she has done good service, and recommend that the same idea be carried out another year.

We wish that more of the parents of our scholars would visit our school, and take an interest in the work that we are trying to do, perhaps they would be able to make some suggestions that would be of benefit to our school.

Respectfully submitted,

MAURICE E. ROBINSON,
ROSAMOND M. PACKARD,
J. MANNING HOYT.
